

OFFICE OF THE MUNICIPAL MANAGER

TO: ALL RESIDENTS OF RAND WEST CITY LOCAL MUNICIPALITY

THE WATER QUALITY OF RAND WEST CITY LOCAL MUNICIPALITY

This is to confirm that the drinking water in Rand West City is subjected to world class standards of monitoring and compliance and is 100% compliant and safe for human consumption. The voice note that is doing the rounds is mischievous and a complete fallacy and bears no truth in it.

Rand Water analyses the municipality's water at their SANAS accredited laboratory and we also do our own compliance monitoring at ERWAT's SANAS accredited laboratory.

T. GOBA
MUNICIPAL MANAGER
